THE MASONIC ENIGMA

UNLOCK THE MYSTERIES.
DIVE INTO THE ENIGMA.

Samuel
Whitlock.
Keeper of
the key.

Your time
is at an end.

You'll
not have it.
The architect's
power was never
meant for this
world.

You are
late, old man.

Who's there?

scrape

You should not have come.

These secrets are not for the uninitiated.

Who are you?

The Keeper of the Lodge.

The rites must be fulfilled.

You're waiting for this.

The last key.

CHAPTER 2 — THE KEEPER

That ring
binds the stars
and the
architect.

Without it,
the ritual
fails.

We know about
the sacrifices.

Whatever you're
calling back will
destroy you.

Transcendence.

We're
leaving.

The ring
stays with us.

KRAK

Professor,
move!

You cannot
stop what has
already begun.

CHAPTER 3 — THE CONFRONTATION

That guy...
He'd die for
this.

The Keeper
isn't just a
guard. He's
a believer.

And the
'architect'?

A Masonic
metaphor...

In darker circles,
something real.
Ancient. Star-born.

If you meant

We need you.
For now.

FLASH!

Run!

Why the
cornerstone?

It anchors
the grid beneath
the city.

Still behind the curve, Raziël.

We won't let you finish this.

The architect will bring order.

The boy's blood makes him perfect.

You brought him to me.

What?

EPILOGUE

THE SHADOWS DEEPEN

WEEKS LATER,
WASHINGTON, D.C.

On the surface,
the city has returned
to normal.

But beneath the calm,
rumors spread.
The theories multiply.

**CELESTIAL RITUALS
OVER DC?**
What really happened
during the auroras?

@ShadowSeeker77
They tried to hide it,
but the signs were in
the sky all along.
The Architects never left.
They only wait.

@TrueNorth_88
Sacrifice. Alignment.
Awakening.
The pattern is global.
Wake up.

Anonymous Post
The veil is thinning.
Something is coming.
The Cycle continues.
Prepare.

@LumenUmbr
Washington wasn't
random.
It was the key.
Next stop:
unknown.
Follow the stars.

THE ARCHITECT
DOES NOT DIE.
HE DESIGNS
WHAT COMES NEXT.

There was no ending—
only the quiet certainty
that the Architect's
plans were far from
complete.

SONS OF THE ARCHITECT

It isn't just
Washington.
The same forces
are moving in
Spain. In Rome.

EPILOGUE — THE SHADOWS DEEPEN

A man with grey hair, a goatee, and glasses stands in front of the Lincoln Memorial. He is wearing a blue blazer over a white shirt and blue jeans. The background shows the Lincoln Memorial with its columns and the words 'LINCOLN' and 'MEMORIAL' on the facade. A speech bubble is in the top right corner.

This is just the
beginning, more
awaits us.
